POWER WITH POISE.

The 925 is a new fusion of award winning Triloggy musical technology.
It brings both performance and soul to an audiophile integrated amplifier.

The amplifier is fully balanced throughout. 3 balanced and 4 single ended inputs feed the triode 6H6Π input stage.

A muscular 135 watts is available through our unique FET/bipolar output stage with superb delicacy and poise.

Remote control, a front panel input and sophisticated control systems make owning the 925 a pleasure.

Triloggy bring art and technology together so that all the necessary machinery disappears.

All that remains is the performance, vibrant and alive.

The Triloggy 925. We have done all the thinking, so all you have to do is feel.
